H. H. SMITH.

FOR ASSESSOR.

I hereby announce myself as ASSESSOR subject to the will of the county Republican convention. J. A. VAN EATON.

FOR REPRESENTATIVE.

I have consented to have my name borne before the Republican county convention for representative. E. W. CHAPMAN.

THE JOURNAL AND MR. HER

The Roseburg Plaindealer entirely misunderstands the case as to THE JOURNAL and Mr. Hermann. The editor of THE JOURNAL in the legislature voted among others to make of a monopoly. Enough revenue could Mr.Hermann U. S. senator. He could be derived from these sources to re not in decency join in the attacks on lieve the producer from all land taxes that gentleman that emanated from to defray the expenses of state governthe Oregonian and Statesman, and ments. which were reflected by no influential element of the Republican party in Marion county. THE JOURNAL de fended Mr. Hermann against those attacks and fully and fairly placed his record, and his work and his claims before its readers. THE JOUR-NAL has printed more that was favorable to Mr. Hermann than any other paper in this district has, and will not take back a word.

Having done that we have a perfect right to stand with the friends of any candidate that Marion county Repub licans see fit to present to the convention at Albany. This is a free country, and we never laid aside the right of Marion county Republicans to agree on a man to succeed Mr. Hermann if he can't succeed himself.

We are not such fools as to assume that he will not succeed himself, if he can. We do not deny him that right. Webelieve any one has a right to be a candidate. The Roseburg paper has than the will of the people who never treated the other candidates with half the fairness or courtesy that has been extended to Mr. Hermann here in Marion county. It is Mr. Hermann than that gentleman's for John H. Mitchell in Oregon. friends can easily overcome. THE JOURNAL has been misrepresented by candidate. If he wanted to become house voting for it. one he would not ask permission of the jaundiced, snarling editor of the Roseburg Plaindealer, who assumes when the Oregonian shoves Simon to be the Warwick of this congres- and McGinn to the front as reformers, sional district

Marion county has received no such favors of Mr. Hermann as other counties have. In the present campaign Mr. Hermann's claims have been fully set forth in THE JOURNAL, the Weodburn Independent and other papers that are read by Republicans. The offensive dictatorial tone assumed by the Roseburg Plaindealer towards JOURNAL is not owned by Mr. Her- if he wants to come back. mann or any other candidate.

Harvey Scott of the Oregonian does unt relish the McKinley platform on the money question. It is too bimetallic for him, a long way. For two days he did not touch it. Then mildly condemns it. He don't think much of McKinley anyway. In 1888 McKinley wrote the last national platform the Republicans won on which declared for bimetallism and condemned the Democrats for their efforts to demonetize silver.

Burnor has it that Dr. J. N. Smith, of Salem, is a favorite for a place on the Republican legislative ticket The permission of the Salem Statesman has been secured.

TAX THE CORPORATIONS.

Assistant Secretary of State C. M. Lockwood is kept busy these days gross incomes of all insurance companies doing business in Oregon. Some life and fire insurance companies are paying as high as \$500 to \$1000 as their tax on 10 months' business of last year, when the law went into effect that was enacted by the last legislature. It is a just law. Although | welcome to these services. hired newspapers said the law would compel the insurance companies to raise the rate of insurance, and that the people would pay the tax, the premium tax. This insurance tax will put \$50,000 to \$100,000 a year into the state treasury, and hurt no one. These insurance companies are foreign corporations. They have little tangible property in the state. It is but fair they shall pay \$2 on each \$100 they take from the people. A similar tax tions, including railroads, express companies, telegraph and telephone companies, sleeping car lines, and any corporation rendering a public service under a franchise, and in the nature

A case should be carried to the supreme court to determine the legality of the late Salem school election. In all other cities only taxpayers, whether men or women, were allowed to vote. At Salem all males entitled to vote at any election were allowed to vote. A decision of a court, or an amendment to the law, should be secured to limit or define the educational franchise.

"sound money" men in Kentucky who are voting for Carlisle show that they regard the edict of banking corporations as more sacred elected them.

GOLDEN -MEDICAL-

The invention of Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, during the past thirty years, made a record in the cure of bronchial, throat and lung diseases that fairly entitles it to outrank all other advertised remedies for these affections. Especially has it manifested its potency in curing consumption of the lungs. Not every case, but we believe

of all cases of consumption, in all its earlier stages, are cured by Dr. Pierce's Golden Medical Discovery even after the disease has progressed so far as to induce repeated beedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of fiesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrupasses, in curative power over this fatal malady, all other medicines with which they are acquainted.
